

POIRE ANCIENNE

LES RÉSERVES D'ARTON

Les Réserves d'Arton represent a 30 year partnership between Château Arton, known for their award winning Haut-Armagnacs, and Cherry Rocher, the oldest distillery in France (est. 1705) specializing in the distillation of fruit brandies. These expressions showcase the agricultural bounties of the Dordogne region, located in Southwestern France.

Each is produced according to Cherry Rocher's unique expertise and based upon specifications by Patrick de Montal of Arton – exclusive to that particular fruit to obtain the best expression of its essence.

CHARACTER

A true fruit eau de vie – produced from the heirloom pear known as “Passe Crassane”, grown entirely on estate owned orchards in Dordogne, France. Naturally fermented and distilled.

ALCOHOL VOL

42 % vol. — 70 cl.
